

Benefits of Trees in the Urban Forest

- Trees reduce annual energy costs
- Trees increase property values
- Trees reduce flooding and water pollution
- Trees reduce air pollution
- Trees cool urban areas
- Trees reduce urban noise
- Trees sequester carbon dioxide and release oxygen
- Trees are beautiful and make our environment aesthetically appealing

montgomery trees

Purpose:

The purpose of Montgomery Trees is to assist the City and County of Montgomery in growing and managing the urban forest by:

- Raising funds to purchase and plant trees on public and private property (where appropriate)
- Providing education/training programs for schools and the public on the value of trees
- Promoting orderly and environmentally sound development in the city and county
- Conserving greenspace and protecting watersheds
- Identifying significant trees and encouraging their maintenance and preservation

Some of Our Projects:

Legacy Tree Program, Fallen Officer Memorial, Training For Local Arborists, Annual Arbor Week Events, Cypress Creek, Pond & Inlet Preservation, Maintaining Tree City USA Designation, Plant It Montgomery.

Montgomery Trees is a non-profit 501(c)(3) organization. All donations are tax-deductible to the extent allowable by law.
